### About MyTax 365

MyTax is the latest release of the MyCRM tax calculations for Microsoft Dynamics 365 and adds a range of functional business values, when facing the need to calculate tax or sales goods tax. Microsoft Dynamics 365, supports a full sales cycle, this sales cycle does not include the features to automatically calculate VAT or Sales Tax at the point of creating Opportunities, Quotes, Orders or Invoices from within Microsoft Dynamics 365.

The MyTax 365 solution, is provided by MyCRM as a managed solution from either Microsoft AppSource or from the MyCRM Download Centre. The solution is available as a subscription per user or as a perpetual licence with ongoing support and maintenance.

All users who access Microsoft Dynamics 365 for Sales or Customer engagement will need to be licenced or have a valid active subscription.

#### **MyTax 365 Subscription Pricing**

MyTax 365 – Per User, Per Month Subscription =	£6.00
MyTax 365 – Per User, Annual Subscription =	£60.00

\*Discounts apply over 100 active users

#### MyTax 365 Perpetual Licence 3 Year Support & Maintenance

MyTax 365 Solution 10 users -	£1950.00
MyTax 365 Solution 30 users -	£5,500.00
MyTax 365 Solution 60 users -	£11,500.00
MyTax 365 Enterprise Unlimited users -	£25,200.00

\*Discounts apply over 100 active users

# MyCRM

The MyTax 365 extends core functionality, but has been designed to be as flexible as possible though configuration. Making our solutions configurable helps meet your business requirements without further development.

The MyTax 365 solution installs a number of components and a lookup on core related entities that allow tax to be calculated
